

Purpose, Objectives, and Process (POP) of the 21/64 Approach Training

Purpose

To teach our multigenerational approach in the hope that you can draw on this approach in your distinct contexts.

Objectives

- To learn skills aligned with the 21/64 Approach
- To acquire, and learn to facilitate, tangible tools that are the intellectual property of 21/64
- To observe facilitation techniques and choices
- To learn amid the company of peers for a collective and collaborative learning experience
- To develop a peer group to support you in this work

Process

- Experience the methods and tools for yourself
- Examine how you would apply the same methods and tools in your professional role
- Discuss facilitation choices
